"I love that you are open 24/7! I work so many hours and until I joined RFCU I was always going to the bank too late or having to wait to cash checks until Monday if it was the weekend or the next business day. You have simplified my banking life and I appreciate it so much!"

Diego, Casper, WY

"From my Peace Corps experience, what impressed me the most about Credit Unions was the personal impact they made on peoples' lives. Credit Union members empowered themselves to improve their lives through creativity, hard work, and the support of their own personal 'bank.'"

Nate, Tuscon, AZ
